

Job Description

Ummah Welfare Trust | +44 (0)1204 661 030

Reg. Charity No. 1000851

Post: .Net Developer

Status: Full-Time (based at the UWT Head office in Bolton, remote working negotiable)

Hours: 37.5 hours / week

Responsible to: IT Manager

Salary: Negotiable depending on experience

Ummah Welfare Trust is looking for an enthusiastic and self-motivated full-stack .Net developer to work as part of a friendly team.

The role will involve work on the new website and donation management system, as well as many other exciting applications in the pipeline that will benefit the charity. This will include development on both front- and backend technologies, and being involved in the innovation of new ideas, features and systems.

You will be using a variety of skills on a daily basis to take projects from specification through to development and integration into existing systems. You will work closely in collaboration with the IT Manager to deliver high-quality software. Maintenance and support of existing applications may be required as part of the role.

Key Skills, Experience and Qualifications:

- Degree in Computer Science (or similar)
- 3+ years of C# and ASP.Net / MVC experience
- MS SQL Server experience
- Front-end development skills including HTML, CSS and JavaScript / jQuery
- Experience of integrating third-party applications through their APIs
- Ability to consistently write modular, maintainable and clean code
- Competent with requirements capture, high/low level design documentation and definition of test scenarios
- Excellent communication skills in English (verbal and written)
- Ability to deliver in pressure situation and under aggressive timescales

Desirable skills:

- Experience in mobile development/Responsive Web Design
- Good understanding of source control (SVN)
- Experience of working in an Agile environment
- Knowledge of the charity sector

The ideal candidate should have the follow attributes:

- Self-starter with a relentless focus on getting things done
- Passion for development, problem solving and emerging technologies
- Self-motivated with a desire to learn
- Ability to communicate complex problems and solutions
- Flexible and adaptable; willing to help out where required

To apply for this role, please email your CV and Covering Letter to vacancies@uwt.org. You can also email for further information.

The closing date for applications is 30th November 2018, although the position may close sooner if the right candidate is found.
