"Striving to serve the Ummah in need"

"O son of man! I asked you for food and you did not give it to me.' He will reply: 'O my Lord! How could I give You food and You are the Lord of the Worlds?' Allah shall say: 'Did you not know that My slave, so-and-so, asked you for food and you did not give it to him? Did you not know that if you had given the food, you would have found that with Me?'" (Muslim)

Reason for establishment:

The trust was established in Ramadan 2000 (1421).

The main factor for the establishment of the trust was the existing intolerable suffering across the Muslim world, and none more so than in the aftermath of the conflict in Afghanistan. As a nation, Afghanistan, had by December 2001, lost more than 1.6 million lives. Furthermore approximately 1.8 million people had become victims of land mines, this represents the highest number of casualties in the whole of the Muslim world.

Conflicts similar to Afghanistan followed soon after, as seen in Iraq and we have seen the continuation of them in Chechnya and Palestine. To meet these crises the trust extended its activities to enable it to continue to serve the ever increasing needs of the Ummah.

Chechnya

In the last decade a quarter of the Chechen population have lost their lives in this conflict. 60,000 innocent children have been killed through no fault of their own. Most of this beautiful land has been destroyed in acts of violence that would shock even the most hard-hearted people. Today the people of Chechnya do not even enjoy the basic necessities that people take for granted, like water, electricity, medicines, food and shelter.

Afghanistan

A staggering 1.6 million Muslims have lost their lives during the first war, 1979 - 1991. Nearly 2 million have become the victims of mines, maiming them forever in a totally unstable political and economic climate. The second war, 2001, has claimed the lives of a further 25,000 people and the toll continues.

Iraq was once the heart of civilisation and learning. Today Iraq does not even enjoy the basic living needs such as clean water, adequate sanitation facilities, sufficient electricity supply, medical supplies and equipment.

"O Allah Help Me!"

Children of the Ummah

Throughout the conflicts in Afghanistan, Palestine, Iraq, Chechnya and Kashmir the most tragic casualties have been the orphans.

These orphans are the most vulnerable of society who are targeted physically, psychologically and religiously. It is the first and foremost responsibility of the Ummah as a whole to provide them with adequate protection from such elements.

"Jazakallah"

The greatest contribution to the most disadvantaged (orphans and poor) of society is to provide them with love, care and the light of knowledge as well as worldly skills to make them self-sufficient.

UWT will endeavour to provide the orphans with the love and care they would have received from their parents if they were still present.
